Director's Note

I am always swept away by what our small community group can accomplish in such a short time. The cast, crew and many other volunteers have worked tirelessly to bring this play to life for you amidst laughter, excitement and the pure joy of working together. I am honoured to be a part of this "family" of amazing people.

This play is not a classic. It doesn't have deep inner meaning or important moral messages. It is fun, light, and entertaining. Sometimes that's just what we need - to come together for an evening of entertainment and laughter. For me, theatre is a place where I can temporarily retreat from daily life into a world that is distinctly different. I hope you can do the same as you watch "The Pink Panther Strikes Again".

Thank you to the dedicated production crew working efficiently in the background. Thank you to the wonderful cast who contributed many of their own ideas. Thank you to the audience for bringing your energy to the show.

Kristen

P.S. You may wish to entertain yourself even further by trying to find at least one pink item in each scene!
